DCA Programs

Are you doing great things for the environment? Do you participate in voluntary environmental events? Does your workplace go above and beyond regulatory requirements? If you answered yes, then [KY EXCEL](#) is a program for you. [KY EXCEL](#) is a voluntary environmental leadership program where you can meet and interact with Kentucky's environmental leaders.

The [Operator Certification Program](#) trains and certifies wastewater and drinking water system operators to ensure that these environmental professionals are qualified and prepared to properly treat and protect Kentucky's water resources.

annual reports are now available online for the following DEP divisions.

[Division for Air Quality](#)
[Division of Compliance Assistance](#)
[Division of Enforcement](#)
[Division of Waste Management](#)

New Water Quality Certification Fees

Anyone proposing to conduct activities that result in physical disturbances to wetlands or streams may need a Water Quality Certification to ensure Kentucky Water Quality Standards will not be violated. Beginning Oct. 8, 2008, fees will be required for processing Individual Water Quality Certifications. For more information, please visit the [Water Quality Certification Program Web site](#).

The [Brownfields Program](#) helps communities and property owners identify meaningful solutions that encourage the cleanup and redevelopment of underused, contaminated properties.

Environmental laws can often be confusing and challenging. The [Environmental Compliance Assistance Program](#) helps regulated entities understand and comply with environmental obligations, advocates for entities underrepresented in the regulatory process and facilitates moving "beyond" compliance to environmental leadership.
